# 3rd Aarhus Practice and Process Symposium

---

June 1<sup>st</sup> 2023

Location: Moesgaard Museum, Aarhus, Denmark

The practice and process research group at Aarhus University (BSS) invites all researchers of Danish universities to the third edition of the Aarhus Practice and Process Symposium. At this one-day event, we celebrate our shared interest in practice and process research by presenting and discussing our research projects. Every participating researcher is asked to present his or her research project within 15 minutes, and it will be discussed by two opponents. The day will be complemented by a keynote by **Prof. Marleen Huysman (VU Amsterdam)**. We also make sure to have plenty of time for socialization over coffee, cake, and lunch!

## Call for abstracts and participants

We now welcome the submission of abstracts in all stages of development, from idea to full paper. Abstracts (app. 250 words) should be submitted before 1<sup>st</sup> of May in the following form: [Register here](#)

We will compose a program based on the submissions. Extended abstracts or full papers (depending on the stage of development) are due on 10<sup>th</sup> of May so that two opponents have sufficient time to prepare feedback (note that if you sign up as a presenter, you are also expected to be an opponent).

If you do not want to present, you are also more than welcome to attend the Symposium as participant (we may ask you to be an opponent though 😊). Please use the same [form](#) to sign up.

The participation in the symposium is free of charge and covers food and beverages for the day. We have only limited space, so we accept participants on first come first served base.

If you have any questions don't hesitate to contact us. We are looking forward to learning more about you and your research!

Best regards  
The APPS organizing committee
